

## **Nomination information for the Ron E. Doggett or Robert A. Ingram Director's Professionalism Scholarship**

The Scholarship covers travel, accommodations, and the cost of the 2-day Director's Professional Program conducted at various times throughout the year, and in various major cities. The program covers multiple aspects of director responsibilities in order to increase the value added role of the board. At the end of the program the participant will receive the National Association of Corporate Directors Certificate of Director Education.

Obviously, we would like you to nominate someone who will maximize the benefit from this 2-day immersion into director professionalism. See the course description here: <http://www.nacdonline.org/cdinstitute/objectives.asp>

It is a requirement that the nominee is currently a sitting board member on a public or private board of a company headquartered in North Carolina. The process involves a brief preliminary interview with the candidate to insure that they have an interest in improving the value of their organization's board. A follow-up interview may also take place.

The only initial information required is the following:

The name of the recommending individual: \_\_\_\_\_

The recommending individuals e-mail address: \_\_\_\_\_
